MORE AND MORE GREEN LINE

Capacitive screen with "mobile like" interface. Introducing the Tutorials on screen. A user-friendly guide that will help you step by step for: Washing the groups, regenerating the filters, services, boiler water replacement cycles, and opportunity to interact directly with the service.

CREATE YOUR TASTE!

Choice of blend coffee tuning that will allow you, at any time, to select your favorite coffee easily and quickly. The possibility to memorize the specific extraction settings, of a particular coffee blend or single origin, in order to be able to re-access the memorized parameters, at a later date. Each group is completely independent: whereby it is possible to memorize preferences and combinations, for simultaneous selection by different operators. Once you have set your parameters, and saved your preferences, the next step is easy: just a simple touch, and you have all your preferred recipes, instantly at hand. Possibility to change the coffee drop height (spout tip to lower grid) from 122mm to 82mm any time, thanks to a robust stainless steel pull out grid. Pre-setting of optional functions, for managing the Wi-Fi package, allowing control in remote mode (from laptop, tablet, and smart phone) of all machine programming and functions.

STANDARD FEATURES

- Multiple Boiler Technology/ Individual Group Boilers
- LCD Touch Screen per Group
- Raised Groups
- Low Energy Consumption
- Certified Green
- High Safety Boiler
- Lever Operated Steam Wands
- Cool touch Steam Wands
- 4 programmable doses per group
- Wi Fi Technology/ USB upload ability/ Preference memorization

Voltage/ Boiler Size/ Heating Element/W x D x H

2 Group: 220 / 8 Lt / 4,400 watt/ 31.50" x 23.63" x 23.23"

3 Group: 220 / 13 Lt / 5,600 watt/ 40.95" x 23.63" x 23.23"

4 Group: 220 / 13 Lt / 7,100 watt/ 50.40" x 23.63" x 23.23"
